

# Warfighter Made

## Warfighter Made helps in three main ways

1. We adapt, and customize a combat wounded Veteran's vehicle, so they can continue doing the things they enjoy, while their vehicle reflects their individual personality.
2. We invite ill, injured and combat wounded Veterans to participate in our recreational therapy trips. These adventures include shooting at ranges, participating in Lucas Oil Off Road events, our out door adventures with our Polaris RZRs.
3. We work with other like minded nonprofits, businesses and individuals to ensure the Veteran gets the best experience possible.
