

Clinical Note Templates - CNT

Overview

CNTs or Clinical Note Templates are a library of over 300 note writing tools for all types of providers including nurses, social workers, primary care physicians, specialty physicians, therapists, and more. The templates are designed to be user friendly and include graphics that turn points-and-clicks to text, auto-calculating assessments, calculations such as Estimated Date of Delivery based on Last Menstrual Period or Exam/Testing, flow sheets. These templates allow data to be saved and imported into subsequent visits, color and requirement.

Highlights

Clinical Note Templates (CNTs) automate the entire process of producing an accurate, consistent and compliant Progress Note.

Key Features

Link a note title to a specific CNT or to the CNT Navigator containing the entire [CNT inventory](#). (see [CNT Inventory - \(Alphabetical Order\)](#))

Automate E&M Code Calculations within H&P CNT.

Level 3 VESTING with each detailed exam for an existing patient.
Past History elements stored and retrieved into notes for established patients.
Patient entered Past Family and Social History Intake Notes via voice or touch screen and nurse control system.

Increase compliance/accuracy of notes.

Run CNT via COM object as a CPRS template or associate TIU Title, Reason for Procedure or Reason for Consult for CCOW Compliance.

Supports mathematical calculations and graphics.

Ensure notes meet regulatory guidelines - HCFA, JCAHO.

Reduce transcription/correction costs. Decrease physician/provider creation.
