Additional Information

Thumbnail	Page	Comment
	CNT Plus	<p>This is a demonstration of DSS, Inc's CNT Plus with mobile technology - a mapping solution that allows a site Clinical Application Coordinator (CAC) to map; and the end user to record health factor/clinical reminder information to the VistA system.</p>
	Home Based Care	<p>DSS' Inc's HB Mobile enables patients to receive care right in their own home, thereby reducing or eliminating the challenges associated with traveling to distant VA facilities. With HB Mobile's store-and-forward capabilities, veterans are able to get...</p>
