

# OSEHRA Revision Control with Git

[Webinar with Certificate](#) | [Recorded Webinar](#) | [Additional Resources](#) | [Others from this presenter](#) | [Related Questions](#)

 <p>The diagram shows the OSEHRA logo at the top left. Below it, the text "Distributed Repositories" is centered. The main part of the diagram consists of five green server icons, each with a gear and a document symbol, connected by blue lines in a network topology. The connections form a central node with three other nodes, and two additional nodes connected to the central node's neighbors.</p>	 <p>Luis Ibanez</p> <p>Luis Ibáñez is a Technical Leader at Kitware Inc., and Director of Open Source Community Development at the Open Source EHR Agent (OSEHRA).</p>
